GOOD SUMMARY REPORTS

How the COVID Vaccines Kill

By: Joseph Shepherd, MD

[Duplicated from the Children's section, but it's that good – excellent report from a Medical Doctor on Covid]

Jim>The pediatrician's letter referenced in this article (and direct linked just below), should be "must read" by all parents thinking about getting their children the covid vaccine.

An open letter to parents and pediatricians and a call for an immediate halt to COVID vaccinations

<https://www.naturalnews.com/2022-04-29-letter-parents-and-paediatricians-halt-covid-vaccinations.html>

-Here's the "letter" from the Pediatrician - warning: It's long, 119 pages, but it is the best report on covid-19 that I've seen.

An Open Letter to Parents and Pediatricians Regarding COVID Vaccination

By Robert M. Rennebohm, MD

https://mcmillanresearch.com/wp-content/uploads/2022/04/624efefdd6ba6eb21993283e_COVIDANALYSISOPENLETTER.pdf

-Jim> *A couple concluding points from his letter to consider:*

-As a pediatrician, a father, and a grandfather, I must do my part to protect the integrity of the immune ecosystem in children and to protect Humanity from the adverse effects of an ill-conceived mass vaccination campaign. Hence, this Open Letter.

-For the sake of our children, grandchildren, and all of humanity, we have an individual and collective social responsibility to call for an immediate and complete halt to the current COVID vaccination campaign, on a scientific basis alone, until an appropriate COVID Commission is convened to thoroughly and accurately evaluate the COVID situation. In the meantime, current scientific evidence strongly suggests that to

participate in the continuation of the COVID vaccination campaign—to promote it, to remain silent about it, or to personally receive further COVID vaccination—is to contribute to the harm of children and humanity, as well as harm to oneself.
