

COVID-19 INFORMATION

TRANSMISSION

The most important information from the daily reading regarding transmission of Covid-19. The most recent info is added at the top of this document.

Fact Checkers on Viral Transmission: They Get It Wrong Yet Again

<https://brownstone.org/articles/fact-checkers-on-viral-transmission-they-get-it-wrong-yet-again/>

Posts Mislead on Pfizer COVID Vaccine's Impact on Transmission

"While Roos and many others framed this as a new revelation, Pfizer never claimed that its clinical trial, upon which the vaccine was authorized for use, evaluated the shot's effect on transmission. In fact, shortly before the vaccine's release, the company's CEO emphasized that this was still being evaluated."

Why the COVID-19 Vaccines Could Never Prevent Transmission

The history behind "Herd Immunity" helps to explain why each of our officials lied to us when marketing the vaccines.

WHO Waited Two Years to Admit COVID-19 Is Airborne — But Why?

The World Health Organization is supposed to be an "expert" when it comes to protecting public health, but it was clueless when it came to letting the public know how SARS-CoV-2 was transmitted.

New Study Finds Covid-19 Jobs Offer 'Virtually No Protection' Against Omicron

<https://noqreport.com/2022/02/23/new-study-finds-covid-19-jobs-offer-virtually-no-protection-against-omicron/>

Containment is not an option: here's proof

The story of the island nation of Kiribati show that our focus should be on early treatment. That has always been the case; many of us have been saying this since March 2020.

<https://stevekirsch.substack.com/p/containment-is-not-an-option-heres>

Proof of asymptomatic spread?

There are lots of places requiring COVID testing even if you are asymptomatic. That means there must be scientific evidence of asymptomatic spread. Where is it?

The Vaccines Don't Reduce Transmission

Once more, very briefly, on an obvious and crucial point.

<https://eugyppius.substack.com/p/the-vaccines-dont-reduce-transmission>

CDC Director Walensky: Covid Vaccines “Cannot Prevent Transmission” of China Coronavirus

<https://www.thegatewaypundit.com/2021/10/cdc-director-walensky-covid-vaccines-cannot-prevent-transmission-china-coronavirus-video/>

Study says vaccinated people easily spread Delta variant in households, COVID vaccine protection wanes earlier than previously believed

<https://www.theblaze.com/news/covid-study-vaccinated-spread-protection>

LANCET STUDY: Community transmission and viral load kinetics of the SARS-CoV-2 delta (B.1.617.2) variant in vaccinated and unvaccinated individuals in the UK: a prospective, longitudinal, cohort study

fully vaccinated individuals with breakthrough infections have peak viral load similar to unvaccinated cases and can efficiently transmit infection in household settings, including to fully vaccinated contacts.
